DRILL/SCREWDRIVER 20V - POWDP1510

This 20V drill/screwdriver is light and easy to use and has an impressive power to tackle all your DIY tasks around the house. It has two speed settings to choose from, one being 0-450 min⁻¹ and the other being 0-1700 min⁻¹, so you can always match the speed to the task at hand.

It has a high torque of 50Nm and 21+1 different torque settings. The keyless chuck allows a quick change of bits. On top of that, a built-in led light illuminates the work surface for easier drilling in dark places and a soft grip increases the comfort drastically.

Combine with a 20V or 40V DUAL POWER battery.
Battery not included.
