HEDGE TRIMMER 20V - POWDPG7531

With this cordless 20V hedge trimmer from Powerplus you trim your hedges comfortably without hindrance of cables. Thanks to its 580mm cutting width you easily cut medium-sized hedges, whereas the double action laser cut blade allows very smooth cutting for branches up to 18mm in diameter. The device features an easy start system that gets you going quickly, as well as a lock-on button for continuous use.

A rotatable and a second handle ensure a two handed operation and a perfect trimming angle. The quick stop brings the knives to a halt after your activities. After trimming, you can safely store away the tool with the solid blade cover.

Combine with a 20V or 2x20V battery of our Dual Power battery platform. You buy the battery and charger separately and they are compatible with the whole Dual Power range.

DISCOVER THE ENTIRE PRODUCT RANGE AT
WWW.DUAL-POWER.COM

Separate battery and charger

The battery and charger are not included. They are sold separately and are suitable for the entire Dual Power range.

Which Dual Power battery to use?

This 20V hedge trimmer is compatible with both the 20V and 20V/40V Dual Power batteries. The use of a 20V/40V battery ensures an even longer battery run time, compared to the use of a 20V version.
