## IMPACT DRILL/SCREWDRIVER 20V LI-ION (NO BATTERY)

With this cordless Pro Power impact drill you intensively and comfortably drill holes in steel, wood, masonry and even in concrete, just like a professional. The tool is equipped with a brushless motor: powerful and durable with a lower vibration, less maintenance and a longer lifetime.

You have 23 torque settings, one drill mode and even an impact function at your disposal for maximum drilling performance. It's up to you to decide whether you go for the low or the high speed, you can always match the speed to the drilling or screwing task at hand.

Moreover, the auto locking chuck makes it very easy to change bits and drills. The LED worklight enables you working in poorly lit spaces too. Finally, the quick stop takes care of your safety and comfort, as it immediately stops the chuck from turning.

### Separate battery and charger

Battery and charger are not included. You buy them separately and they are compatible with the entire PRO POWER battery platform.

### With which PRO POWER battery is it compatible?

Combine this 20V impact drill with the 20V PRO POWER battery. This 20V battery exists in different variants. We offer you a battery with a capacity of 2.0Ah and one with 4.0Ah for an even longer running time.

# POWERPLUS

Pro Power is especially designed to meet the demands of a professional. The superior quality tools deliver a high performance and can handle the most challenging tasks. With Pro Power you can be sure of extremely durable and reliable tools.
