POWX0618 ANGLE GRINDER 2500W

Grinding and roughing metal and stone is easy with this powerful 2500W angle grinder. It is equipped with a large Ø230mm disc diameter, so even cutting large tiles or metal pipes happens fast and with great ease. To fix the grinding disc (not included), just press the spindle lock. To replace it, simply use the quick clamping system. Timesaving and no need of additional tools.

Thanks to the soft start the motor slowly reaches its full speed. This guarantees an optimal control and safety. Both main handle and auxiliary handle with soft touch can be fixed in three different positions. This makes the POWX0618 a very comfortable tool to work with.

TECHNICAL SPECIFICATIONS POWX0618		Features	Box content	Symbols
Rated voltage - frequency	220-240V~ 50Hz	<ul style="list-style-type: none"> • Unlock switch • Auxiliary handle (3 positions) • Spindle lock • Quick clamp system • Soft grip • Safety guard • Power indicator • Rotatable handle 	1x angle grinder
