POWX3240

VACUUM CLEANER WET/DRY 1200W

This Powerplus wet and dry vacuum cleaner quickly and efficiently removes dust, dirt and liquids in your house, working space, cellar and car. Its advanced high efficiency filter system collects the smallest dust particles. Thanks to the blow function you can remove fallen leaves from your terrace or patio. You want to connect a power tool to the vacuum cleaner? Then the vacuum cleaner starts or stops automatically at the moment you switch the power tool on or off.

With 1200W power and a 30 litre stainless steel tank, you have a powerful and solid device at your disposal. That also makes it suitable for renovation and construction projects. You can easily move the appliance thanks to its wheels, the foldable extra handle and the 3,5m long cable. Its telescopic tube and different nozzles allow you to get to those hard to reach areas. A crevice nozzle, floor brush and an upholstery nozzle are included. The vacuum cleaner comes with 3 dust bags (POWX3240A), but it can also be used without a dust bag.

TECHNICAL SPECIFICATIONS POWX3240		Features	Box content	Symbols
