HOIST 1300W 400/800kg - POWX903

This impressive 1300W hoist can be used in a single line or double line cable configuration, depending on what hoisting capacity or lifting distance you need. If the load hook with pulley is attached to the double steel cable, the strong hoist can carry a load up to 800kg. With the single load hook, you can lift or lower over a distance of no less than 12m.

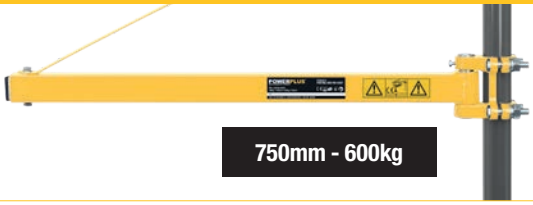

The control box is equipped with an emergency stop, so you can work in all safety. Two hooks and fixation clamps are included.
